RE-LAUNCH OF KARNATAKA ISA NEWS LETTER RE LAUNCHED ON WORLD ANAESTHESIA DAY 2025

The news -letter aims provide recognition to its society members and its branch activities for their service in academic, non academic, public outreach and encourage talents of young anaesthetist. It also aims to provide information on ongoing activities, conferences and award winners in various conferences

MESSAGE FROM PRESIDENT,

Dear Colleagues,

Warm greetings to all members of our anaesthesia fraternity!

As we celebrate World Anaesthesia Day, let us take a moment to reflect with pride on how far our specialty has come — from the first public demonstration of ether anaesthesia in 1846 to the highly advanced, safe, and patient-centered practice we uphold today.

It is a matter of immense pride and privilege to serve as the State President of the Indian Society of Anaesthesiologists. Our specialty has evolved tremendously over the decades — from being seen merely as a "behind-the-scenes" disapline to now being recognized as a vital pillar of perioperative medicine, critical care, pain management and emergency care. This transformation is the result of our collective dedication, innovation, and commitment to excellence.

As a community, we continue to face challenges — increasing workload, evolving technologies, and the ever-rising expectations from patients and surgeons alike. Yet, these challenges also bring opportunities: to strengthen our academic foundations, to promote safety and quality, and to inspire the next generation of anaesthesiologists.

Our specialty continues to grow in scope and importance — from operation theatres to ICUs, pain clinics, and emergency care. Each of us contributes silently yet significantly to patient safety and recovery, embodying the true spirit of "Service before Self."

This year, our state ISA focuses on enhancing patient safety, promoting academic growth, and increasing public awareness about the vital role of anaesthesiologists. Let continue to support one another, share our knowledge, and take pride in being the "invisible protectors" of every patient's comfort and safety. Together, we can make anaesthesia practice safer, stronger and Let us continue to educate, innovate, and collaborate to strengthen our specialty and inspire the next generation.

May this Anaesthesia Day renew our passion for learning, teamwork, and excellence in patient care.

With warm regards and best wishes, Dr. B P Manjula, President, ISA KARNATAKA

MESSAGE FROM SECRETARY

"Dear esteemed members of ISA Karnataka,

As we release the first newsletter of ISA Karnataka, I would like to extend warm wishes to all our members on World Anesthesia Day. This newsletter aims to keep you informed about the various academic, public awareness, and social initiatives undertaken by our state and city branches.

We strive to be at the forefront of advancing anesthesia education, public awareness, and professional development. To achieve this, we need the collective efforts of our members. I urge everyone to join hands with us in conducting programs like CPR training, social media influences, and networking events.

Together, we can make a significant impact in our field and community. I look forward to your active participation and contributions.

Thank you.

Best regards, Dr Henjarappa K S Honorary Secretary, ISA Karnataka State Branch"

Independent Auditors' Report

To the Members of INDIAN SOCIETY OF ANAESTHESIOLOGISTS

Opinion

I have audited the financial statements of M/s. INDIAN SOCIETY OF ANAESTHESIOLOGISTS KARNATAKA STATE BRANCH, Dept of Anaesthesiology, 3rd floor, OT Complex, Max Superspeciality Hospital, RMR road, Durgigudi, Shivamogga -577 201 for the year ending 31.03.2025, which comprises the Balance Sheet and the Income and expenditure Account for the year ended on that date.

In my opinion, the accompanying financial statements give a true and fair view of the financial position of the entity as at March 31, 2025, and of its financial performance for the year then ended in accordance with the Accounting Standards issued by the Institute of Chartered Accountants of India (ICAI).

Basis for Opinion

I conducted our audit in accordance with the Standards on Auditing (SAs) issued by ICAI. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. I am independent of the entity in accordance with the Code of Ethics issued by ICAI and I have fulfilled our other ethical responsibilities in accordance with the Code of Ethics. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibility of the Management and Those Charged with Governance for the Financial Statements.

Management is responsible for the preparation of these financial statements that give a true and fair view of the state of affairs, results of operations and cash flows of the entity in accordance with the accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are also responsible for overseeing the entity's financial reporting process.

Auditors' responsibility for the Audit of the Financial Statements.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
